Hello Everyone,

This has been a special week for all of us here at TBS, we have had Mrs Joanna Povall in for our COBIS Accreditation inspection and I am happy to say that it is her recommendation that we be awarded our COBIS Accreditation status. This is a fantastic achievement for the school, parents and the Island and has taken a lot of hard work, effort and dedication from the whole team at TBS. Congratulations and well done to all the staff and students and to the parents who gave up their time to meet with Mrs Povall. I can't thank you enough.

and should be proud of yourselves. Congratulations to all those who received an award.

As is usual practice our Class of 2024 were invited back to receive their Leaver's portfolios and to say our final farewells as they embark on the next chapter of their lives – the World of work. Good Luck to you all!

Today we said Goodbye to Matteu and Zacharias Akunne who leave us to return to the UK. Best wishes boys, it has been lovely getting to know you this past year and we wish you all the best as you start new schools and life in the UK.

## End of Year Awards

This afternoon we held our annual end of year awards ceremony. It was a lovely afternoon with students receiving awards for their hard work over the year. These awards are sponsored by the PTA and the Island employers, thank you to you all for your continued support to our students. We all appreciate it. To the students, you have all worked hard and achieved many successes this year. You are all truly amazing

Also leaving us is Ms Taiwo our Deputy Head Teacher and Miss Wilson our Humanities teacher. As you both start the next chapter of your journey we wish you good luck and best wishes for whatever adventures awaits you next. Thank you for all that you have done for TBS during your time with us.

We also wished goodbye and good luck to Mr Mick Hill our Chair of Governors. Thank you Mick for your support to the school over the past six years, it hasn't always been easy and I have appreciated the support you have given. Best wishes as you return home.

Today was also the last day for Mr Hudson in his temporary role as Caretaker. Thank you for your hard work these last five weeks Mr Hudson.

There are just two weeks left in this academic year and for most of this we will be doing enrichment activities. Please do keep an eye out for any letters/communication sent out as it is possible that students might be required to bring in different things on different days.

Our Year 10 students start their two weeks of work experience on Monday. Enjoy the world of work year 10 and we will see you all back at school in September.

I am sure many of you know that our choir took part in collaboration with the three other South Atlantic Commonwealth Islands to perform the song symphony.

If you haven't had a chance to watch it yet, do have a look:

That's it for now!

Tania Maggott

Head Teacher

## Primary Newsletter

I have had the privilege of working across the primary end of our school and it has been a pleasure to see all that the children have accomplished from sewing in reception (it took us a while but it turned out beautiful!); History and French in key stage 1 all the way to science, ICT, and Art in key stage 2.

### Reception- Art and Science

We had a great time learning about dinosaurs. We cut and coloured our favourite ones. We then recreated what we thought their home would look like.

This was our big project this year. We had to take our time and be quite patient. MS Taiwo drew the outline of the elephant and we had to sew carefully- sometimes we had to go back

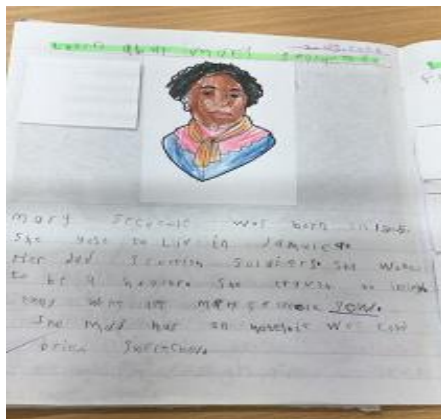

In years 1 and 2, our French lessons were always filled with songs and dancing as we learnt simple phrases, counting to 10, colours and days of the week. In our topic lessons we have learnt about a variety of people who have made a difference such as; Mary Seacole, Florence Nightingale, Nurses, Malala and Rosa Parks who was no afraid to say NO!

In years 3 and 4 we have worked on developing our scientific knowledge through investigations, observations both indoors and outdoors. We have also created a lot of fantastic artwork to show our developing skills in drawing, painting and sculpting.

In years 5 and 6, I have been really impressed with the children's coding skills and they have made great progress in ICT this year. They have also worked on their use of power points to present information as well as use data bases to answer questions and solve problems. Art has also been a lesson all the children enjoyed. We focused on developing our drawing and shading skills as well as creating work in the style of specific artists.

It has been wonderful working with the primary children this year and watching them grow and develop individually. Getting to know them and their little quirks has added to the pleasure of working with and teaching them this year!
