

Hello Everyone,

It has been a much quieter penultimate week here at TBS!

The Secondary school has had a Harry Potter themed STEM week, Read on to find out more about what they have been up too.

On Wednesday Year 6 spent the day in Secondary school in preparation for their moving up in September. By all accounts they enjoyed their day and can't wait to become Year 7!

The primary school had an afternoon of transition where the children all spent the afternoon in their new classes. Although some students were a bit anxious about changing classes and teachers they all enjoyed their afternoon of activities.

Thank you to all the parents who signed up for our Summer school. Places are now filled and a letter with times and dates will be sent out soon to all who have booked a space. Thank you in advance to those staff members who will be giving up some of their holiday time to run the Summer school activities.

Next week we will have a whole school enrichment week with an "Around the World" theme. You would have received letter/communication if there are things your child need to bring in.

A reminder that school will close on Friday 26th July at 12.15pm. The new academic year for students will start on 4th September 2024.

That's it for this week!

Tania Maggott
Head Teacher

MPA joined us for a day,
was good to have one of our ex-students and 6th former Georgia showing her new skills off.

They created a poster which will be entered into a competition
twinned with another school, we look forward to seeing what they send us.
Some Origami under the sea creatures, VI shark scenes and message in a bottle
were a few of the task of the day but Fish bingo was the best!

And activities week would be a thing without food and in true Harry Potter style we had a banquet
Ascension Island style.....way too much food!
